GET GOLF READY

GET GOLF READY is a FUN introductory adult golf program designed specifically for the person who hasn't had much, if any, golf experience and needs to get the basics down and then start practicing and playing. The program consists of five 90-minute lessons covering all the fundamentals, including full swing, short game and putting. The program also includes discussion on golf etiquette, how to care for the course, such as, fixing ball marks or divots, basic rules, and golf terminology. Along with the instruction received there is also an on-course session to provide actual experience on how and what to do during a traditional game of golf. The lessons are taught in small groups, are very informative, interactive, and always lots of FUN!
